

# The Twenty-Eighth Annual East Idaho Fly Tying and Fly Fishing Exposition and Banquet

Fly Tying, Fishing and Family Fun...

## BANQUET PROGRAM

March 23, 2024

**Welcome to the Twenty-Eighth Annual**  
**East Idaho Fly Tying & Fly Fishing Banquet!!!**

**A Celebration of Fly Tying & Fishing**

The Snake River Cutthroats are proud to present the 2024 Banquet / Auction. By hosting the banquet we hope to achieve multiple purposes, including an enjoyable dinner and a fun evening. Our primary objective is to raise funds that support education programs and our conservation projects to benefit the fisheries of eastern Idaho. Thanks to your support, the Cutthroats have contributed \$448,265, which was raised from past Expos, to conservation projects and education programs. Conservation projects have received the bulk of these funds, \$424,910, with over \$345,052 going to support Trout Unlimited's programs on the South Fork, tributaries of the South Fork, and the Blackfoot River. Other local conservation partners that have benefitted from Expo funds have included the Teton Regional Land Trust, ID Department of Fish & Game, Caribou-Targhee National Forest, Friends of the Teton River, Southeast Idaho Fly Fishers, the Henry's Fork Foundation and the South Fork Initiative. In a long-standing partnership with the Salmon National Forest, the Cutthroats have also contributed 30 years of sweat equity by working on the Salmon River tributaries.

The chapter also conducts many fly-fishing education programs and classes in fly tying, casting, rod building and we recently established a vibrant youth program. We need volunteers to help with these programs as well as a lot of other activities. These programs and projects provide a great way to meet like-minded people who share a love of fishing. So if you are interested, please keep an eye on our website for activities or contact a Snake River Cutthroat officer to share your interests.

We are pleased to have you with us here tonight and hope you enjoy a pleasant evening. Consider supporting our conservation and education efforts by purchasing raffle tickets, and bidding on live and silent auction items. The trout will love you for it and you will have the added satisfaction of knowing you are giving something back to the fisheries that have given so much to you.

Steven has the honor of having tied for the legendary Buz Buszek Fly Shop in Visalia, California, which was "Fly Tying Central" for much of the fly fishing industry for decades around the middle of the twentieth century. ## **22. Collectors Bamboo Rod by Ralph Moon**

Ralph Moon was an accomplished bamboo rod maker and crafted many rods during his lifetime. He also generously shared his knowledge with other aspiring rod builders, building a legacy that lives on today in the creations of his apprentices. Ralph labeled this blond bamboo rod the "Firehole" and it is a 6ft 3-4 wt rod ideally suited for its namesake river. This rod features a down locking reel seat over beautiful wood and a quality cork grip. The rod was made by Ralph himself, originally purchased by Ed Thomas of Bozeman, Montana, who has donated it to the Snake River Cutthroats to share with another collector. Bamboo rods cast with a certain grace that seems linked to their heritage from a slower, more deliberate time. Modern, space-age graphite composite rods from today cast tight loops at bullet speeds, but tend to lack the quiet patience our sport once embodied. Don't miss this opportunity to own a hand crafted Ralph Moon fly rod, a collectors item from the golden age of fly fishing. The rod comes with the original handmade rod sock and metal case, all as a package that Ralph created.

## **23. WorldCast Anglers South Fork Canyon Overnight Trip**

Complementary wine and beer are stocked at camp and hors d'oeuvres will be waiting while the guide gets you acquainted with your own cozy and private wall tent complete with sleeping bags, cots, carpet, and wash towels. The next morning after a hearty breakfast you will enjoy the 16 mile float out of the canyon, fishing the many braided channels. Package is for TWO people and includes TWO days guided fishing, ONE night's stay in the canyon riverside camp, breakfast, lunches and dinner. Booking dates are based upon availability, so plan ahead. Trip must be taken in the 2024 season.

## **24. Leland Howard "Ethereal Autumn" Metal Print**

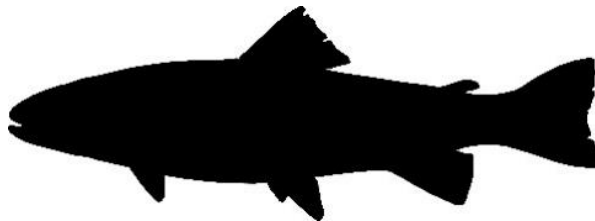

We have been fortunate to feature Leland Howard's unmatched works of art at the Expo for many years. As this piece demonstrates, Leland is an amazing photographer and hails from right here in Shelley, Idaho. Once again, he fascinates us with his stunning photography of places that are familiar to many. This year we are offering Ethereal Autumn Idaho Snake River, depicting some beautiful fall foliage on the canyon stretch of the South Fork that we all know so well. The piece is infused into a coated aluminum sheet, creating vibrant colors not achievable with traditional printing. You don't have to be a fly-fisher to recognize the beauty of Leland's work and be proud to display the natural beauty of the wonderful South Fork.

## **25. 2024 Hyde Hybrid XL Low Profile**

The low profile is Hyde's latest addition to the XL (Extra Long) Series of drift boats. With a centerline of 16', this boat has plenty of interior space. The floors have been reengineered in order to maximize comfort for the rower and anglers (front & rear). The boat includes, bow storage, yeti cooler front seat, ¾ rowers' box, walk around stern seat, 9 1/2ft Sawyer Shoal Cut oars, motor mount, seaDek rod trays, deluxe trailer with aluminum wheels and tongue jack. This boat will put you fishing in style and comfort for decades to come and you will be the envy of all your buddies.
